

COURSE ENROLLMENT POLICY

1. Policy

Students must complete all of the requirements in effect at the time the student declares the major in each degree program. While some of the hours earned from one degree may count toward another degree, students must earn at least 15 additional approved semester hours for another associate degree or 30 additional hours for another baccalaureate degree. This translates to a minimum of 75 hours for two associate degrees and a minimum of 150 hours for two baccalaureate degrees.

Subsequent Degrees

Students having earned one degree may subsequently pursue another, either associate or baccalaureate, by completing all the subsequent degree, students must earn atleast 15 additional approved associate degree or 30 additional semester hours for the baccalaureate degree.

Registration

A degree-seeking student MUST consult with his/her designated advisor properties of the properties of the student MUST consult with his/her designated advisor properties of the student MUST consult with his/her designated advisor properties of the student MUST consult with his/her designated advisor properties of the student MUST consult with his/her designated advisor properties of the student MUST consult with his/her designated advisor properties of the student MUST consult with his/her designated advisor properties of the student MUST consult with his/her designated advisor properties of the student MUST consult with his/her designated advisor properties of the student MUST consult with his/her designated advisor properties of the student MUST consult with his/her designated advisor properties of the student MUST consult with his/her designated advisor properties of the student MUST consult with his/her designated advisor properties of the student MUST consult with his/her designated advisor properties of the student MUST consult with his/her designated advisor properties of the student MUST consult with his/her designated advisor properties of the student MUST consult with his/her designated advisor properties of the student MUST consult with his/her designated advisor properties of the student MUST consult with his/her designated advisor properties of the student MUST consult with his/her designated advisor properties of the student MUST consult with his/her designated advisor properties of the student MUST consult with his/her designated advisor properties of the student MUST consult with his/her designated advisor properties of the student MUST consult with his/her designated advisor properties of the student MUST consult with his/her designated advisor properties of the student MUST consult with his/her designated advisor properties of the student MUST consult with his/her designated advisor properties of the student MUST consult with his/her designated advisor properties of the student MUST consult wi
